

## APPENDIX C

### SAMPLE DECEPTION IMPLEMENTATION SCHEDULE

Although the preparation of a deception annex to an OPORD may or may not be required, a deception implementation schedule is often required to ensure a coordinated, controlled, multidisciplined effort. The degree of detail and method of dissemination will vary according to the deception plan, but an implementation plan is an essential tool.

The schedule is completed through the initiation of the true operation to include final actions in terminating the deception. In constructing the implementation schedule, the planner must visualize the battle area, use his imagination, and keep in mind that the schedule is a chronological presentation of the deception plan, bringing together all activities to provide a scenario of the operations. It then becomes a script for the actors (units) as illustrated in figure C-1.

IMPLEMENTATION TIME	ASPECT OF DECEPTION STORY SUPPORTED	TASK	ACTIONS	UNIT(S) RESPONSIBLE	REMARKS
171630	2d Bde begins build-up of troops to south.	Begin movement controls of troops for demonstration.	Vehicle traffic movement and control points.	1-3d Arty Bn 1-79 Inf Bn 1-80 Inf Bn	Movement control enforced throughout deception ops.
171730	1-3d Arty Bn shows shift of direction toward city of Bucoda.	Notional shift of A/B Co 1-79 and 1-80 INF Bns.	Use visual/C-E to indicate recon and movement.	1-3d Arty Bn 1-79 Inf Bn 1-80 Inf Bn	Emission patterns to indicate rapid build-up of forces in 1-3d Arty Bn sector. Continue until 180500 (H-hour).
171850	A and B Co of 1-79 Inf Bn link up with 1-3d Arty Bn sector.	Show heavy traffic in 1-3d ARTY Bn sector.	Recon and coordination parties in 1-3d ARTY Bn sector.	A/B Co 1-79 Inf Bn	HHC and C Co 1-79 Inf Bn must conceal true actions as covering force for retrograde ops.
171930	1-80 Inf Bn begins movement toward 1-3d Arty Bn sector for main attack.	Begin actual activities to show normal actions associated with movement of Bn.	Recon and coordination parties along 1-3d ARTY and 1-79 INF Bn zones.	1-80 Inf Bn	Must conceal actual intent of 1-80 Inf Bn using electronic deception to replicate heavy movement traffic.
172130	All 2d Bde units prepare for attack in south.	Begin notional activities to show normal actions in preparation of attack.	Route air recon through sector of attack.	Request support from Div assets.	All air recon flights should take in city of Bucoda to increase plausibility of deception.
172330	2d Bde issues radio silence order in preparation for attack.	Prepare notional unit for attack (set up demonstration).	Use camouflage to conceal 1-79 INF Bn set up of perimeter defense for retrograde ops.	HHC and B Co 1-79 Inf Bn 1-80 Inf Bn	Mask or conceal all preparation for 1-80 Inf Bn commitment at Tnon air field.
